PLAS - O - GRAM <99-03> Updated ACAT I Program Listing

PLAS Protégés,

As you know, our ACAT 1 PLAS Program codes are tied to the programs on the Major Defense Acquisition Program (MDAP) List. An updated MDAP was approved November 18, 1998 by the Undersecretary of Defense for Acquisition & Technology. This MDAP resulted in the following PLAS Program code changes:

New Programs:

| <u>Code</u> | <u>Title</u> | <u>Description</u> |
|-------------|-------------------|--|
| NA036 | ICH | Improved Cargo Helicopter- CH-47D helicopter upgrade program |
| NN050 | DD 21 | 21 st Century Destroyer Program. Re-designated DD 21 from SC 21 |
| NN051 | CH-60S | Utility helicopter to replace existing CH-46D, HH-60H, SH-3 & UH-1N |
| NN052 | JSOW/BLU-108 | Joint Stand-Off Weapon with BLU-108 submunition. |
| NN053 | TACTICAL TOMAHAWK | Follow-on to TOMAHAWK Baseline missile program |
| NF041 | RTIP | Radar Technology Insertion Program for JSTARS Aircraft |

Programs Removed from MDAP (will be hidden in PLAS):

| <u>Code</u> | <u>Title</u> | <u>Comment</u> |
|-------------|------------------------|---|
| NA010 | CSSCS (ATCCS) | Below dollar threshold |
| NA015 | Kiowa Warrior (OH-58D) | 90% complete |
| NA034 | FOTT | Unfunded |
| NN002 | AN/SQQ-89 | 90% complete |
| NN021 | MHC-51 | 90% complete |
| NN035 | TOMAHAWK | TOMAHAWK Baseline program 90% complete and TOMAHAWK Baseline Improvement Program terminated |
| NN038 | UHF FOLLOW-ON | 90% complete |
| NF023 | SFW | Below dollar threshold |
| NF035 | JSIPS | 90% complete |

Additional Newsworthy MDAP items:

- NN015 formerly JSOW now JSOW/UNITARY – Joint Stand-Off Weapon with Unitary Warhead Variant. We kept the same PLAS program code for continuity purposes.
- NN049 formerly NSSN is now designated SSN 774 VIRGINIA CLASS Submarine.
- MDAP collapsed NF025 B-1 CMUP-JDAM, NF037 B-1 CMUP-DSUP, & NF039 B-1 CMUP-Computer Upgrade into a single program, B-1 CMUP. Since the program content appears identical, we'll retain the three program codes to minimize reporting disruption.
- ND005 CHEMICAL DEMIL is now an Army program. We'll use the same code to minimize disruption.
- ND007 GBS is now an Air Force program. We'll use the same code to minimize disruption.

Check the accompanying Word file, ProgFY99.doc, for other minor changes in titles and definitions. This file is also available in the Downloads section of our home page, www.plas.dcmdc.dla.mil. These program code changes will appear in PLAS no later than 19 February 1999.

Please share this information with your associates. Questions? Contact us at 1-888-PLASINFO or PLASHELP@mwest.dcmdc.dla.mil.

Respectfully,

Don Peterson
PLAS Program Manager
